McDOUGALL DAYS

JULY 4 and 5

SUNDRE - ALBERTA

THE McDOUGALL FLATS STORY (SUNDRE ALTA.)

The Rev. George McDougall came to Alberta with his wife, Elizabeth and his two sons, Rev. John and Dave McDougall in the year 1862. Rev. George and Rev. John subsequently established missions st Pigeon Lake and Morley, also the McDougall Church which still stands in Edmonton. John's brother Dave was the hunter, horseman and cattleman of the two and very greatly assisted his missionary father and brother in looking after their transportation and provisions while they were on their innummerable missionary journeys.

Grandfather Dave established the first trading post known as the McDougall Trading Post and the Millward Post Office opposite the site where the McDougall Church now stands at Morley. Subsequent to this the R.C.M.P. established a barracks at the same settlement.

The same pioneer brothers brought the first cattle to Alberta (long before it became a province) trailing them in from Fort Benton providing the same basic herd which has established this province as a nationally known ranch land and cattle country.

Witnessing the grandeur of the vast fertile river bottom on the west side of the Red Deer River here, and realizing the tremendous potential of this country for a ranching operation, Mr. McDougall purchased the area which has since been known as McDougall Flats. Being a very dynamic and industrious man-grandfather Dave turned over the operation of this area to his only son also known as Dave.

Young Dave came to the area in the 1890's running a very large ranching spread with headquarters within the boundaries of what now constitutes the town of Sundre. His ranch buildings were one half mile south of the present Recreation Rodeo and Camp Grounds, to be more specific, they were partially contained on the bench of land where the residences of Ollie Kolsted and Dr. Miller now stand.

Dave ran calf camps as far west as Beaverberry where remnants of some of his corrals now stand and wintered hundreds of cattle over 20 miles west on what is now known as the Red Deer River Ranch

Provisions were packed from his father's trading post at Morley. Vast herds of cattle were moved to and from Morley. After the coming of the railroad they were moved to Olds for shipment.

Dave passed away in Calgary on Dec. 29, 1960, only the day after cutting cattle for shipment at the home ranch at the age of 81.

His widow, Mrs. Annie McDougall still operates the ranch at Cochrane. He is survived by three sisters; Mrs. G. H. Ross, Calgary; Mrs. N. Luxton, Banff; Mrs. G. Carling, Vancouver; and was predeceased by one sister, Mrs F. Graham and by one daughter Mrs. Jean Sabin. He is also survived by two sons; David of South Pasadena and Bob of Cochrane; and by four daughters; Mrs F. Copithorne, Cochrane; Mrs. W. Costello, Seattle; Mrs. G. McKendrick, Cochrane, and Mrs. V. Dutchik, Cochrane.

It is in commemoration of this grand old family of Alberta's earliest pioneers that we here in Sundre and District, in the year 1962, respectfully dedicate our Rodeo, and say Hats off to the McDougall families in attendance today at our McDougall Days Celebration.

PONY EXPRESS RACE

The object of this race is for one man, with the help of a partner and two horses, to race around the track three times. In doing so, he must change saddles and saddle-bags from his starting horse to his second horse, and then to his starting horse again. This is a timed event, with penalties added.

PACK HORSE RACE

The object of this race is to see how quickly one man, with the help of a partner, can catch, pack and saddle two horses, and riding one, haze the other around the one-half mile track, then unpack and un-saddle, turning the animals loose, belled and hobbled. This is a timed event, with penalties for careless work.

HIDE RACE

This is a novelty race, where a team of two men drag one another from one end of the Arena to the other and back on a piece of rawhide. Each man in the team must take a turn on the hide and on the horse pulling the hide.
